
FOR IMMEDIATE RELEASE

Vaccine information update

WADENA, Minn. – Jan. 21, 2020 – Tri-County Health Care has received a high volume of calls and questions regarding the COVID-19 vaccine. Our organization wants to be transparent about vaccine distribution.

We have a limited supply of vaccine at this time and must distribute it to priority groups first. Individuals deemed high-risk by a provider will be contacted.

This week, Tri-County Health Care is focusing on vaccinating high-risk individuals and people over 75 years of age. These guidelines are set by the state.

An email opt-in link has been created for the general public. Individuals that sign up via the link will receive regular information about the vaccine and distribution. Please sign up here:

<https://www.surveymonkey.com/r/C19OPTIN>

We will continue to provide updates on when the vaccine is more available to the public via our website, social media and newspaper notices. For more information, please visit TCHC.org/covidvaccine.

ABOUT TRI-COUNTY HEALTH CARE

Tri-County Health Care is a private, not-for-profit health care system based in Wadena, Minnesota. It offers care services such as primary health, surgery, cancer care, diagnostic imaging, obstetrics, orthopedics and rehabilitation. Tri-County Health Care operates a hospital and medical clinic in Wadena, and serves the counties of Wadena, Todd and Otter Tail through five satellite clinics and two physical therapy clinics in Bertha, Henning, Ottertail, Sebeka and Verndale.
