Vaccine status update

WADENA, Minn. – Feb. 26, 2021 – Tri-County Health Care is making progress in vaccinating people within our priority groups. At this time, hundreds have been vaccinated, adding an extra layer of defense against the COVID-19 virus. For statistical transparency, Tri-County Health Care wants to share data about the number of vaccines administered. Our data has been supplemented with information from Todd, Otter Tail and Wadena County public health organizations.

Wadena County Public Health: 808 first doses-----463 second doses

Todd County Public Health: 1,016 first doses-----543 second doses

Otter Tail County Public Health: 1,785 first doses-----621 second doses

Tri-County Health Care:

- Staff vaccinated - 273
- Patients vaccinated – 818

Vaccine allocation varies according to the current eligible priority group population and vaccine availability. Priority groups have included individuals in priority 1A and people age 65 plus. The Minnesota Department of Health reports updated vaccine administration data by counties daily. Data for our local counties follows:

County	First Doses	Second Doses	Total
Otter Tail:	10,108	5,205	15,313
Todd	3,099	2,082	5,181
Wadena	2,066	1,036	3,102
Totals	15,273	8,323	23,596

Regionally, we are making significant progress. According to the Minnesota Department of Health, 804,716 people have received their first dose of the COVID-19 vaccine and 405,992 have completed the vaccine series as of Feb. 26.

Tri-County Health Care will continue to share status updates. For more information, please visit TCHC.org/covidvaccine.
