

Measles in Minnesota

Watch for symptoms

If you notice symptoms, contact your doctor. Stay home and avoid having visitors until talking to your doctor. Make sure to call the clinic or hospital before going in to avoid exposing others.

Check immunization records

The measles, mumps, and rubella (MMR) vaccine is the best protection against measles. Contact your doctor or call the Minnesota Immunization Information Connection at 651-201-3980 to check if you've gotten the vaccine.

Get your questions answered

If you have any questions, call the Minnesota Department of Health Monday through Friday at 651-201-5414. If you have urgent health concerns, contact your doctor.
