### Mental health provider joins Tri-County Health Care

**WADENA, Minn. – Oct. 30, 2019** – Traci Jones, certified nurse practitioner, recently joined Tri-County Health Care’s behavioral health team at the Wadena clinic.

With more than 10 years of registered nursing experience, Jones has worked primarily in emergency medicine in critical access medical facilities. She is board certified as a psychiatric mental health nurse practitioner through the American Nurses Credentialing Center.

Working in the medical field allows Jones the opportunity to combine her love of helping others with her compassion for people who struggle with mental health. She believes there is a great need for psychiatric and mental health services in rural Minnesota communities and looks forward to improving that access through Tri-County Health Care. Jose Alba, director of ambulatory care for Tri-County Health Care commented, “Tri-County is proud to offer our patients a behavioral health practitioner with Traci’s demeanor and experience. She is a great addition to the team and will provide a much-needed resource for our patients.”

A native of rural Minnesota, Traci lives on a small ranch in Sebeka with her husband, Jamie, and several animals including two dogs, multiple horses, cattle, and one Miss-Kitty.

For more information or to make an appointment to see Jones, call the Wadena clinic at 218-631-3510 or visit TCHC.org.

#### **ABOUT TRI-COUNTY HEALTH CARE**

Tri-County Health Care is a private, not-for-profit health care system located in Wadena, Minnesota. It offers care services such as primary health, surgery, cancer care, diagnostic imaging, obstetrics, orthopedics and rehabilitation. Tri-County operates a hospital and medical clinic in Wadena, as well as five satellite clinics and two physical therapy clinics across Wadena, Todd and Otter Tail counties. Satellite clinic locations include Bertha, Henning, Ottertail, Sebeka and Verndale. Visit TCHC.org.
