## **Aster Health CEO Selected to Serve on Statewide Healthcare Affordability Task Force**

**WADENA, Minn. – Jan. 16, 2026** – Aster Health announced today that President and CEO Joel Beiswenger has been selected to serve on a statewide Provider and Payer Advisory Task Force through the Minnesota Department of Health.

The task force brings together healthcare leaders from across Minnesota to address rising healthcare costs and identify practical ways to improve affordability, reduce unnecessary expenses, and strengthen the healthcare system.

Beiswenger's participation ensures rural Minnesota has a strong voice in statewide discussions. By contributing real-world experience from a rural health system, Aster Health helps ensure that future healthcare strategies reflect the needs of families, employers, and patients in Greater Minnesota.

"People in rural areas face unique challenges when it comes to access and affordability," said Beiswenger. "I'm proud to represent our region and help shape solutions that keep healthcare high-quality, accessible, affordable, and close to home."

Through this work, Aster Health continues its commitment to advocating for practical, patient-centered solutions that strengthen local healthcare and support healthier communities.
